

## Adding the EASy-plugin to Eclipse on Linux

- Use Eclipse version 2021-03
- Download EASy-Producer version for Linux from the nightly update site:  
[https://jenkins-2.sse.uni-hildesheim.de/view/EASy-Producer/job/EASy\\_NightlyUpdateSite](https://jenkins-2.sse.uni-hildesheim.de/view/EASy-Producer/job/EASy_NightlyUpdateSite)
- Extract the EASy tar-file and copy folder `plugins` from EASy to the folder `eclipse/dropins` in Eclipse

- In Eclipse folder from the `eclipse.ini` file remove the following line:  
`-Dosgi.dataAreaRequiresExplicitInit=true`
- Start Eclipse
